

NATIONAL LEVEL HACKATHON-2080

CSITA-BMC x Grace International

GRACATHON

ABOUT US

Located within the premises of Butwal Multiple Campus, our non-profitable organization is dedicated to aid Computer Science and Information Technology (CSIT) students. Since our start in 2016, we've been committed to enhance the educational journey of IT students with unwavering dedication.

Our range of workshops include different topics, both technical and non-technical, designed thoughtfully to boost the skills and knowledge of our student community. Beyond our campus, we actively help students connect with the wider national tech community.

We're also proud to work closely with our college's department, offering technical support and insights based on solid technological standards.

At our institution, we strive to make a positive impact on both our local community and the nation as a whole. We prioritize advancing professional education across the country, with a focus on supporting students both on campus and from diverse educational backgrounds. We provide the tools and knowledge that help learners succeed in their educational journeys. Our commitment to educational growth has led us to achieve significant milestones in the field of information technology.

We strongly believe that education goes beyond classrooms, involving practical experiences that refines theoretical learning. This belief drives us to arrange a variety of workshops, covering both technical and non- technical subjects. By blending theory with real-world applications, we help students bridge the gap between academic knowledge and industry expectations. Our workshops encourage curiosity and exploration, vital in the constantly changing tech landscape.

As advocates for progress, we collaborate with Butwal Multiple Campus's CSIT department, providing helpful insights and technical guidance. Our collaborations extend beyond the campus, aiming to push forward IT education nationwide. This dedication has helped us achieve significant milestones, enhancing education by equipping learners with technical skills and an understanding of the real-world impact of their work. Our determination to contribute to national development through education highlights our role as a positive force. Our fundamental belief is that students should have a platform to develop relevant skills for their future careers. Rooted in this belief, we stand within Butwal Multiple Campus, committed to helping students overcome challenges and issues.

In summary, our organization's focus on educational empowerment creates a comprehensive and effective learning environment for IT students. With a history of achievements and unwavering commitment, we're ready to shape a promising future for the eager minds we serve.

EVENT PROPOSAL

Unleash Your Tech Genius at the **"National IT Hackathon"**!

A hackathon is an exhilarating event where teams of tech enthusiasts come together to brainstorm, design, and build innovative solutions to real-world challenges, all within a limited time frame. **"It's like a tech marathon, but instead of running, you're coding and creating!"**

Event Highlights:
